

MAY NEWS

MS DES & MS STEPHANIE G

Unit of Study: Gardening

UPK Families ! It's the final stretch. One more month until graduation & going over everything we've learned these last few months. This month we will be circling back to how we started our year :) We started our year learning about Trees and we will be ending our year learning about Gardening. Parent engagement will be plentiful this month! Sign-up sheets have been sent out for volunteers.

So many awesome things are happening this month & I want everyone to enjoy it all before the school year comes to an end. *tears*. We will learn all about how plants start from a seed and grow and blossom into something amazing and different.

Just as your soon to be Kindergartners have bloomed into amazingly talented, courageous, intelligent and hilarious four and five year olds. No matter where they started (Yellow/Red/Blue or new) the transformation from September until now is astonishing and I cannot wait until we celebrate next month!

IMPORTANT DATES

Tues, May 7 - Abe's Bday!

+

NON-DOE Day
(extended only)

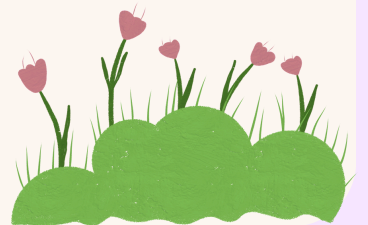

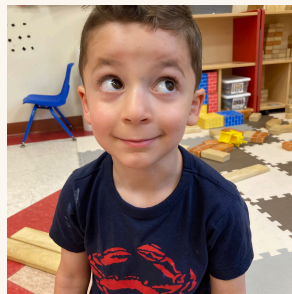

Fri, May 10 - Muffins w/
Mom

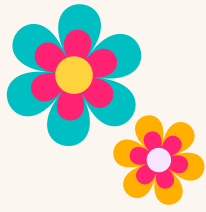

Mon, May 27 - Memorial
Day (NO SCHOOL)
